CARRANZA'S POLITICAL ENEMIES SILENCED BY 'EXECUTION' POLICY

Bloody Reign Starts in Mexico;
Filibusters are Reported
From Texas

WASHINGTON, Dec. 19.—Reports from various points on the border last night indicated that another era of bloodshed in Mexico was on again, and that conditions are now worse than when the factions suspended hostilities to argue their differences at the Aguas Calientes convention.

Private messages from Mexico City yesterday reported the execution at that place of General Martinez, the spokesman of General Zapata, at the Mexican capital, although Provisional President Guiterrez had issued a decree forbidding political executions.

General Carranza remains at Vera Cruz and is carrying out his bloody policy of executing all his opponents

were to be sentenced to death and were to be executed whenever captured.

He has published a decree through-out his army that all former federalists whose services were afterwards accepted by General Villa or Zapata

Reports last night from San Antonio said that General Samuel De los Santos, commanding several thousand government troops, had revolted and surrendered San Luis Potosi to Carranza, telegraphing his allegiance to the latter.

It was reported from Brownsville, Texas, that a filibustering expedition was attempting to cross the Rio Grande into Mexico at a point four miles above that town. Two troops of United States cavalry left last night for the scene to conduct an investigation.

'BOSS' CROKER'S NEW WIFE IS PROUD OF HER INDIAN ANCESTRY

[By Latest Mail]

NEW YORK, Nov. 26.—Richard W. Croker, former leader of Tammany Hall, was married today to Miss Bula Benton Edmondson, a member of the Cherokee Indian tribe, who is 50 years his junior. He is 73 years old and she is 23. Tonight the bride and groom are on their way to the Croker estate near Palm Beach, Fla., for their honeymoon.

The wedding took place at the home of Nathan Straus, an old friend of Croker's, only about 25 guests witnessing the ceremony.

The bride was given away by her uncle, W. W. Hastings, who for 15 years has been attorney for the Cherokees and who recently was elected to Congress from Oklahoma.

The bridesmaids were Miss Frances Pitt, a sister of Vassar, who comes from Muskogee, Okla.; Miss Ethel Brown of Dayton, O., and Miss Willis Townsend of Memphis, Tenn.

Monignor Henry A. Brann, rector of St. Agnes Church, performed the ceremony. The bridegroom's gift to the bride was a pearl collar. Croker was attended by Thomas F. Smith, who has been secretary of Tammany Hall for years.

A typewritten statement given out by the bride after the ceremony made clear a good deal of her life history, which has been reported in many different ways since knowledge of their engagement became known.

One report said may be she was one-quarter Indian. Another proclaimed her an Indian princess, and her statement says the latter is correct, for she is known as Princess Sequoyah or Ketaw Kalunluhy among her tribe. Her father, the statement continued, was Michael Smith Edmondson, a descendant of Roger de Montgomery, who commanded the van of the Norman army at the battle of Hastings, and her mother was Galea, Welch, who descended from the famous Chief Sequoyah, inventor of the Cherokee alphabet.

Proud of Her Ancestry.

"She is proud of her Indian ancestry and the Cherokees are proud of her as a college girl, lecturer, ranch owner and business woman," the statement said.

Croker first saw the girl who today became his bride in Kansas City when she was 9 years old, according to the statement, and he later became interested in her zeal to better her people. Miss Edmondson got inspiration for her work from Pocahontas and other Indian girls, she said. She told it thus:

Wins a Tammany Chief.

And then she turned to Croker, who long was known as the "Chief" of Tammany Hall and remarked:

"But it is the dearest ambition of every Indian girl to win a chief, and I have won the chief of men."

In April the couple will go to the bridegroom's home in Ireland, where he has resided for many years since his retirement from political life in New York.

Attorney Says Croker's Wife Not a Princess.

PORTLAND, Ore., Nov. 26.—That the bride of Richard Croker, formerly Bula Benton Edmondson, is neither a princess, nor a descendant of a princess, is the declaration of J. F. Alexander, an attorney of this city, and himself a quarter-blood Cherokee Indian, who declares that he went to school with Miss Edmondson in Tahlequah.

"She was a remarkably bright girl," said Alexander today, "but not remarkably beautiful, as I remember her. None of us in those days ever heard of her claims to royal descent and she never was known as Princess Ketaw Kalunluhy or Princess anything. She rode ponies astride and went barefoot the same as other girls of the tribe. I see the despatches say she is 23 years old and the statement does credit to the reputation for conservatism of the Associated Press. By casting up my own age I am enabled to figure that Bula, who was somewhat older than I when we went to school together is now well past 30 years."

The American church congress at its 25th annual session at New Haven elected the Rev. Chas. L. Slattery of New York general chairman. The Rev. G. A. Carlstrom of New York was chosen general secretary. The convention closes today.

CHURCH UNION ENDORSES IDEAS OF PRESIDENT

[Associated Press by Fed. Wireless.]
NEW YORK, Dec. 19.—The trustees of the Church Peace Union, which has been endowed by Andrew Carnegie with a fund of two million dollars, to be expended in the cause of international peace, have telegraphed to President Wilson their endorsement and promise of support towards his attitude in opposition to the increase of armament for the United States at this time. The trustees, at their meeting yesterday, decided to send Dr. Shailer Mathews, dean of the University of Chicago, on a mission of peace and friendship to Japan, designating him as "church ambassador."

WINDJAMMER JOHN ENA TO USE CANAL ROUTE

[Associated Press by Fed. Wireless.]
PHILADELPHIA, Pa., Dec. 19.—The American ship John Ena, which is loading here with 115,000 cases of kerosene for Japan, will be the first square rigged to pass through the Panama canal. By using the transisthmian waterway in preference to the route around the Horn, the John Ena will cut 8000 miles from her voyage.

CLEANSSES YOUR HAIR MAKES IT BEAUTIFUL

It becomes thick, wavy, lustrous and all dandruff disappears—Hair stops coming out.

Surely try a "Dandierine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Dandierine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Dandierine dissolves every particle of Dandruff; invigorates the scalp, stopping itching and falling hair.

Dandierine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Dandierine from any drug store or toilet counter and try it as directed.—advertisement.

\$500,000,000 IN TRADE GAIN FOR U. S. EXPECTED

[By Latest Mail]
WASHINGTON, D. C.—That one year of the war in Europe will add \$500,000,000 to the foreign commerce of the United States is the estimate of Edward E. Pratt, chief of the Bureau of foreign and domestic commerce. Mr. Pratt has just completed a study of the reports of American consuls and commercial representatives abroad, of agents of his bureau in this country and of the new orders for American manufactures and products reported in commercial periodicals.

If the ratio of increase recorded since August, when the war began, is maintained until next August, he estimates that new orders placed on the books of American firms will total half a billion dollars.

As specific data upon which to base his estimates, Mr. Pratt has the report of J. Mesel, special commercial agent now en route to South America to study the machine tool market there and prepare a review of the needs of South American countries which will be made available to American manufacturers. In preparation for his trip he visited virtually every large manufacturing plant in the United States and estimated that the machine tool manufacturing companies alone have from \$10,000,000 to \$15,000,000 in new orders from European countries now on their books. One big plant, he said, has enough work ahead of it to keep in operation 24 hours a day for the next two years.

Several concerns already are preparing to increase their facilities to meet the larger demands arising from the war.

The first country among the belligerents to seek the American machine tool supply was Russia. Almost immediately after war was declared, orders from Russian houses were received for lathes and machines of all kinds of a similar nature. That demand has been growing steadily, presumably because of the fact that the war had excluded Russia from her usual source of supply in Germany. England and France now have joined in seeking American tools and it is indicated that the present supply cannot meet the demands. Of course, problems of delivery still have to be met, but the business is of the most valuable type since orders are as a rule accompanied by cash.

In reaching his estimate on the estimated grand total, Mr. Pratt took into consideration the enormous increase in European bound food supplies noted in September and October. Details of the November foreign commerce are not available as yet beyond the estimate that a trade balance in favor of the United States of approximately \$70,000,000 will be shown. Departments are aware, however, that the increase in food shipments has continued and that manufactured articles are beginning to move across the Atlantic in considerable volume.

Panama canal tolls for October amounted to \$3,000,000, a gain of \$170,000 over the September collections. American Tobacco Co., at Farmville, N. C., were destroyed by fire at a loss of \$500,000.

ALIMONY IS SUBJECT TO INCOME TAX

[Associated Press by Fed. Wireless.]
WASHINGTON, D. C., Dec. 19.—The federal income tax is not without its blam for some. It was yesterday announced by the commissioner of internal revenue that alimony is to be claimed as a fixed income to the recipient and that the payer must withhold from it the amount due the government under the provisions of the income tax law. This follows the rule that income tax must be collected at the source.

OFFICIAL WOULD ABOLISH HIS POST

NEW YORK, N. Y.—City Chamberlain Henry Bruere told the finance committee of the aldermen Friday that his position, the salary of which is \$12,000, ought to be abolished. The work of his office, he said, should be transferred to the finance department and done by a bureau of credits, and his duties could be performed by a deputy controller at a salary of \$10,000.

ADVENTURER, THOUGHT DEAD, RETURNS HOME AFTER 23 YEARS

Kentucky Youth, Believed Lost
at Sea, Was Rescued and
Taken to Africa

[Associated Press by Fed. Wireless.]
SPRINGFIELD, Ill., Dec. 19.—The identification here yesterday of a visitor as Robert Breckinridge has brought to light a story that resembles fiction in one of its wildest flights. Robert Breckinridge is the son of the late W. C. Breckinridge, for 20 years a member of Congress from Kentucky, who died under the impression that his son had been drowned 23 years ago in a shipwreck while en route to Europe.

Instead of losing his life, as was reported and as his silence had gone to prove, Breckinridge was rescued and taken to Africa. His life since then has been one of strenuous adventure. He became a soldier of fortune, fought with the Boers against the British and with the European Allies against the Boers in China. He has been fighting, up to within a couple of weeks ago, with the Allies in France against the Germans.

During the period of his disappearance he has made and lost fortunes and has taken part in a variety of adventurous undertakings.

He has given no explanation of why he allowed his family to suppose him dead for so many years.

MEN AT PEARL HARBOR WILL GET BACK PAY FOR FOURTH OF JULY

A recent decision of the comptroller has just been received here, which allows pay here to the men who worked at the Pearl Harbor naval station on July 4th last. This money can now be paid over.

Civil Engineer Samuel Gordon, public works officer and accounting officer at Pearl Harbor, said today:

"The employees at this station were not paid for July 4th, 1914, as this pay was held up pending a decision by the comptroller. This decision has just been received, and all men who were on the payrolls of this station on July 4, 1914, are entitled to one day's pay."

"As a considerable number of the employees who were on the payroll for this day have severed their connection with the naval station, I would ask

EVERYTHING CLOSED IN PANAMA EXCEPT SALOON ON SUNDAY

[Associated Press]
PANAMA, Canal Zone.—Sunday will be observed hereafter in the Republic of Panama instead of being merely a continuation of the work-day week. The National Assembly has passed a law which makes it illegal, punishable by a heavy fine, for shops to be open on Sunday as has hitherto been the case. The new law went into effect on December 1. The measure, however, will not affect the keeping open of the numerous saloons.
